- At the car park entrance, there is a swipe card reader and intercom on a post, on the right hand side
- Visitors dial the Multi Serve / Verde code which is listed on the intercom keypad. This connects them to Reception, where they announce themselves and then access will be granted
- This process needs to be repeated at the pedestrian lift lobby when retrieving cars from the car park
- The roller grille on the ramp which leads to the upper levels, will then be opened by Reception
- Drive up the ramp on the left to **Level 4** and park in the Verde Group spaces numbered **264 – 273**. If these spaces are all occupied, you may park in Multi Serve Visitor spaces numbered **308 – 318**. Please note your car park number so you can advise Multi Serve Reception
- Take the lift to Level 1 (ground floor)
- Exit the stairwell/lift lobby through the external door and turn left
- Turn left again and you are now back inside the carpark building
- Another left turn and you will see a small staircase in the distance
- Take the small staircase up to the mezzanine level and make your way through the carpark to the outdoor area
- Turn left and enter the Atrium through the double glass doors, then right into the lift lobby behind Rossa café
- Multi Serve and Cognition Consulting are accessed from these lifts and are on Level 1. The receptionist will notify Verde Group that you are here and somebody will come to escort you to the Verde Group Office.
- Visitors must advise their car park space number when registering at Reception
- All other labelled spaces are allocated to staff and will attract a tow away penalty
